School Improvement Plan Introduction

Bon Air Elementary Sch

This school improvement plan was developed using a vision-based and data-driven process called Vision-to-Action that was developed by the Indiana Student Achievement Institute. In addition to containing the strategies our school and community identified as key to raising student achievement and closing achievement gaps in our school, this plan contains strategies that meet the expectations of:

- Indiana Student Achievement Institute
- PL221
- Title I Schoolwide
- Schools in Improvement (NCLB)

**Participation**

The following people were involved in developing this School Improvement Plan:

- Teachers
- Students
- Parent representatives
- Community representatives

**Process**

Those involved in developing this School Improvement Plan participated in a series of discussions related to the Vision-to-Action steps:

1. Establish a local culture of high expectations
2. Create a common vision for student success
3. Analyze achievement data and set realistic data targets for each of the next three years
4. Analyze force field data and identify concerns within the following areas.
   - Academic expectations
   - Curriculum content
   - Instructional practices
   - Classroom assessment
   - Extra help
   - Student guidance
   - Learning environment
5. Research strategies to address our concerns and select high-leverage strategies to implement
6. Develop a to-do list for each strategy

**Using Data for Decision-Making**

The Vision-to-Action process relies heavily on data as a foundation for decision-making.

1. Achievement Data – To what degree are students prepared for success at the next educational level, and ultimately for success in postsecondary education and a global economy?
2. Force Field Data – What conditions in the school and community interfere with high student achievement?
3. Strategy Data – Is the strategy having the desired impact on adults and students?

**Implementation Next Year**

Our work next year will be guided by the to-do list that we have developed for each strategy. We will also maintain an Implementation Binder for each strategy that contains the following documents:

1. Strategy Plan
2. Evidence that the strategy was implemented
3. Progress reports (containing strategy evaluation data)

Questions about the School Improvement Plan should be directed to the building principal.
Reviewer Guide
Indiana Public Law 221

The following table directs the reviewer to the section of the School Improvement Plan PDF File that contains each component required by Indiana Public Law 221. An expanded copy of the School Improvement Plan containing the actual data used in the creation of this School Improvement Plan may be found at www.asainstitute.org/publicsip. During the implementation of this plan, the school will be able to present a "School Improvement Implementation" binder including documentation that the strategies described in this plan were implemented as planned.

** In 2006 DOE began asking schools to report how they were addressing the needs of exceptional learners on the DOE School Improvement Plan Review and Revise Report. Therefore, InSAI requires schools to create strategies to meet the needs of “exceptional learners.” DOE defines exceptional learns as both “gifted” and “special education” students.
Who Wrote this School Improvement Plan?

Many individuals were involved in the creation of this school improvement plan. The Steering Team facilitated discussions involving all teachers, all students, and community representatives including parents. Once these groups came to consensus on the Data Targets, Areas of Concern, and Strategies, strategy chairs and task forces were established to 1) develop a comprehensive implementation plan and 2) ensure that the plan is implemented next year.

Vision Statement

The Vision Statement was developed by all teachers, all students, and members of the community. The foundation of the statement identifies the core convictions upon which this school improvement plan is built and answers the question, "What do our students deserve in order to be successful learners, responsible citizens, and productive members of a global economy?" The second part of the vision statement describes ideal adults who are striving to provide students with the things they deserve. The third part of the vision statement describes the ideal students in a school and community where adults live by their convictions. The last part of the vision statement includes ideal data that represent the community’s dreams. This lofty data serves as the focal point for the remainder of the school improvement plan and requires the school and community to work toward every student succeeding at a high level.

We believe all students deserve:

At Bon Air Elementary we believe that all students deserve a safe, structured and disciplined environment in a quality building with an abundance of quality materials and surrounded by caring, dedicated, qualified staff. All students should be challenged to meet the highest expectations á meeting or exceeding the standards imbedded in well-prepared lessons as demonstrated through teacher prepared and standardized assessments. To ensure that this occurs, students should have fair opportunities in reasonably sized classrooms to have access to tutoring (extra help), enrichment programs and to opportunities outside our community. Education should be fun! It should include not only academics, fine arts and physical education but should assist our students in developing an awareness of the world, a concern for the environment and for other individuals, and a strong moral character. Staff, parents and community members should strive together to guarantee that each student is respected as an individual á listening to their ideas and concerns, seeing that they are clean, well-fed and appropriately dressed and caring for and loving each of them. All students deserve the opportunity to thrive in an atmosphere with teachers, parents and community role models who view this type of education as a high priority.

All adults in our community are living by these core convictions daily and as a result, show the following attitudes and actions:

Adults in our community are living by this core conviction daily and, as a result, exhibit these attitudes and actions: á¢â¬â¢a willingness to cooperate and communicate to ensure that students are surrounded by positive role models willing to go the extra mile to make our school environment a happy, healthy, friendly and positive place to be in our community;

Adults in our community are living by this core conviction daily and, as a result, exhibit these attitudes and actions: á¢â¬à passionate enthusiasm for sharing their time, energy and expertise to assist students in developing a love of learning in a low-stress but disciplined and productive environment;

Adults in our community are living by this core conviction daily and, as a result, exhibit these attitudes and actions: á¢â¬à a commitment to be held accountable in developing honorable, self-disciplined, well-prepared students with strong work ethics modeled by all adults;

Adults in our community are living by this core conviction daily and, as a result, exhibit these attitudes and actions: á¢â¬à teamwork, cooperation and respectful communication by teachers, parents and community to ensure successful attainment of goals by individual students.

In this environment where all adults are living by their core convictions, all students:

In this environment where all adults are living by their core convictions, all students will appreciate, be responsible for and be excited about learning. Students will demonstrate confidence in their ability to set and attain realistic goals based upon their diverse interests and the high expectations of all involved including themselves. They will follow rules and procedures, knowing when to take appropriate risks without being unduly influenced by negative peer pressure. Students will exhibit a care and concern for others through their willingness to individually and cooperatively help others, and by being responsible, trustworthy, and respectful in their contacts with peers and all adults. The combination of these factors will develop pride and a sense of ownership in their school and their education leading students to feel safer, happier and healthier in their daily educational environment.

As a result of these efforts, our school’s student achievement data is as follows:

- % of students who % Passing ISTEP+ Math: 100%
- % of students who % Passing ISTEP+ English: 100%
- % of students who % Scoring 6 on ISTEP+ Writing: 100%
- % of students who % of student passing ACUITY Reading (Gr. 3-5): 100%
- % of students who % of students passing ACUITY Math: 100%
- % of students who % of student passing IRDA (Gr. K-2): 100%
- % of students who % of students at/or above grade level in STAR Reading and Math: 100%
- % of students who % of students who master grade level standards during academic year: 100%
- % of students who % of student on Honor Roll: 100%
● % of students who % of students who graduate: 100%
Academic Goals

After analyzing longitudinal data that was disaggregated by the student groups identified in No Child Left Behind, teachers, students, parents, and community members identified achievement data targets for the next three years. These targets represent academic areas (subjects) which we wish to improve and specific groups of students we have targeted for improvement (e.g. 6th graders). Our vision data represents our "dream" for all students. The data targets listed below each school year represent realistic steps toward that dream.

Areas of Concern

Teachers, students, parents, and community members analyzed data in seven areas known to impact student achievement: 1) expectations, 2) curriculum content, 3) instructional practices, 4) classroom assessments, 5) extra help, 6) student guidance, and 7) the learning environment. We identified areas that we must address in order to reach our academic goals. Those areas are listed below as "Local Areas of Concern". Organizations outside of our school (e.g. the Indiana General Assembly) have identified areas of concern for all schools and have required schools to address those areas. These are listed below as "Required Areas of Concern." Each Area of Concern listed below is followed by the condition in our school or community that led us to believe that this is an Area of Concern.

Local Areas of Concern

Concern: Student Behavior

* 34% of our students have been referred outside the classroom for discipline purposes, therefore losing instruction time. 20% of these referrals have resulted in an in-school suspension and 14% in an out-of-school suspension. * Many students believe they have a hard time paying attention in class because of other students behavior issues. (Kindergarten= 100%, First Grade= 100%, Second grade= 100%, Third grade= 63%, Fourth grade= 78%, Fifth grade= 58%) * Faculty, Parents and Community also agreed with the students and said that students have a hard time focusing in class because of distracting behavior. (Faculty= 78%, Community= 70% and Parents= 36%)

Concern: K-12 Assessment Alignment

25% of our parents did not know if we give assessments based on the Indiana State Standards. Based on the short answer surveys teachers.

Strategies

After identifying areas of concern, teachers, students, parents, and community members researched proven strategies and selected strategies that our school and/or community will implement to impact our areas of concern. Local strategies are those identified by our teachers, students, parents, and community to address our areas of concern. Required strategies meet various state and/or federal regulations.

Local Strategies

Leveled Discipline System —

Teachers will design and implement a discipline leveling system involving all students that will encourage appropriate behavior, responsibility, and ownership of academic success for the upcoming school year.

PK-12 Assessment Alignment —

PK-12 formative and summative assessments for reading, writing and mathematics will be reviewed and selected by KCS appointed committees consisting of district level administration, school level administration, and school strategy chairs. Staff will use assessment data to drive instruction and to monitor student progress. The district will coordinate the assessment alignment process which will begin in 2009-2010 with reading and writing and continue in 2010-2011 with mathematics. Each school needs to appoint a strategy chair to work on this district level strategy.

Project Based Learning (PBL) —

Bon Air Elementary School Improvement Grant Coordinator and other grant staff will assist Bon Air Elementary staff members in developing project-based learning (PBL) lessons integrating science and literacy activities. In addition, grant staff will assist teachers in preparation and instruction of PBL activities in the Resource Room through out the school year.

Required Strategies

A. Parent Involvement: Automated School Messenger —

Teachers and PTO will work together to raise money to purchase an automated telephone system that will call parents to inform them of important upcoming school events throughout the entire school year, including School Improvement Planning community meetings.

A. Parent Involvement: Awards Program —

Following the end of each grading period, the principal and PTO will conduct an awards program to recognize students for academic achievement, citizenship, and attendance. Parents are invited to attend the awards program.

A. Parent Involvement: Back to School Picnic —

During the first week of school, the principal, teachers, and PTO will provide a back to school picnic for parents and students. Parents are introduced to teachers and may tour classrooms.

A. Parent Involvement: Family Fun Night —

Three to four times per year, the PTO will organize and host Family Fun Night. Parents and students are invited to come and eat dinner and play Book Bingo or watch a popular movie.

A. Parent Involvement: Newsletters —

Each month the secretary will prepare a newsletter, which will include information from the principal, teachers, and upcoming events.

A. Parent Involvement: Parent/Teacher Conference —

At the end of the first grading period, teachers will conduct parent/teacher conferences and distribute student grade cards. Teachers and parents will discuss academic progress, social habits, and expectations.
A. Parent Involvement: PTO Breakfast with a Relative —

In the fall, the PTO will provide a breakfast for students and their grandparents. In the spring, the PTO will provide a muffin breakfast for students and their moms as well as a donut breakfast for students and their dads.

F. Encourage Rigorous Curriculum: PK-12 Curriculum Articulation —

PK-12 curriculum will be aligned vertically and horizontally for the content areas of mathematics, science, social studies, and English/language arts. KCS appointed committees consisting of district level administration, school level administration, and school strategy chairs will prepare curriculum frameworks and pacing guides for each content area. The district will coordinate the curriculum articulation process which will begin in 2009-2010 as part of the textbook adoption process for mathematics and science. Curriculum articulation for English/language arts and social studies will continue during 2010-2011. Each school needs to appoint a strategy chair to work on this district level strategy.

I. Focused Academic Area —

All Teachers will implement small guided reading groups for all students 30 minutes each day.

J. Instruction by Highly Qualified Teachers —

Staff is required by the Kokomo Center Schools Human Resource Department to meet the requirements of NCLB prior to hiring. The principal at the school verifies that each staff meets the requirements of NCLB by checking records in the HR department and by discussing qualifications with staff.

K. Attracting Highly Qualified Teachers —

The Bon Air Elementary website promotes community relations and provides information to attract high quality staff. Ongoing professional development during the school year and summer, including an intensive new teacher-training program attracts high quality staff to Bon Air.

L. Early Childhood Transition: Preschool home-visitor program —

A Bon Air Elementary School Teacher will visit with preschool families in their homes and provide resources, activities, and educational support. The home visits will take place weekly for one hour. Bon Air Elementary School will also provide a 2 hour weekly workshop for preschoolers and their parents.

M. Parent Notice - Assessment Results —

Individual student reports of student performance on the ISTEP+ will be sent to every parent in their native language along with a letter that describes and interprets the ISTEP+ results and encourages parents to contact school staff with questions and concerns. Parents may contact the school to meet with the teacher and/or principal to further discuss student performance on these assessments.

N. Parent Notice - School in Improvement —

In June 2009, all parents of students enrolled in the school will be sent letters (in English and/or Spanish) notifying them of the identification of the school improvement status of this school. Copies of the address labels and mailing receipts are kept in the school office for documentation. Parents will be invited and encouraged to attend a meeting in May 2009 to discuss the school improvement status of this school and to offer input for the school improvement plan. Copies of the agenda and sign-in sheets for this meeting are kept in the school office for documentation. The State Title I Office reviews copies of the letters sent to parents.

O. Extended Learning Activities: After School Reading Instruction —

Students in grade 2-5 who are reading below grade level (as determined by local reading assessments) will participate in reading instruction after school for 2 hours, 2 nights a week for 8 weeks each semester.

P. Teacher Mentoring Program —

The principal will observe and monitor all teachers on a monthly basis with the implementation of the new leveled discipline system. Teachers who are struggling to implement the new plan will meet one-on-one with the principal to discuss concerns. The principal will pair the struggling teacher with a mentor on a monthly basis who is effectively implementing the leveled discipline plan.
Q. School-Parent Involvement Policy

Parents are invited to participate in the development and review of the School-Parent Involvement Policy at the Annual Title I meeting. All parents are mailed a copy of the policy prior to the meeting. Suggestions are reviewed and discussed in order to make any necessary revisions to the policy. The School Parent Involvement Policy will address components listed on the DOE School Parent Involvement Policy Checklist.

R1. Parent Right-to-Know Letter - Qualifications

The Parent-Right-to-Know Letter will inform the parents that they have the right to request and receive information in a timely manner regarding the professional qualifications of their student's classroom teachers including all components described on DOE's Parent Right-to-Know Checklist. The Parent-Right-to-Know letter is printed in the Kokomo-Center Schools Guide to Policies and Procedures handbook and is distributed to all parents by mail and during enrollment. Parents are required to sign a form signifying they have received and read the information in the handbook, including the Parent-Right-to-Know letter.

R2. Parent Right-to-Know Letter - Non-Qualified Teacher

The Parent Right-to-Know Letter (Non Highly Qualified) is sent, in a timely fashion, to parents of students who have been assigned to or who have been taught for 4 or more consecutive weeks by a teacher who is not highly qualified.

S. School-Parent Compact

Our school develops a school-parent compact that outlines how parents, the entire school staff, and students share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. The school-parent compact is revised and reviewed annually by staff and parents. The compact is shared with parents and students during parent conferences. Moreover, it is mailed to all parents. The School-Parent Compact will include all components described on the DOE School-Parent Compact Checklist.

T. Annual Parent Meeting

Parents are invited to attend the annual Title I meeting to learn about the school plan, curriculum, academic standards and assessments. Meetings are held at the school with sessions during the day and the evening. Parents are given copies of the Parent Involvement Policy, School-Parent Compact and the School Improvement Plan. Parent input is encouraged and discussed as revisions are made to these documents.

U. Focused Student Group: Special Education

Special Education teachers will implement small guided reading groups for 30 minutes each day for all special education students. In addition to small guided reading groups, an additional 30 minutes of individualized instruction on the Waterford reading program, which is a computerized program, will be implemented.

V. Peer Review for SIP

School Improvement Plans are reviewed no later than three months after the school has been identified as being in school improvement. There are ten statutory components that must be included in the plan. Peer reviewers consider a proposed plan for school improvement within 45 days of its submission, through a process established by Kokomo Center Schools. Kokomo Center Schools involves as peer reviewers teachers and administrators from schools or districts similar to the one in improvement, but significantly more successful in meeting the learning needs of their students. Staff with demonstrated effectiveness and recognized expertise in school improvement are able to evaluate the plan’s quality and the likelihood of its successful implementation, and make suggestions for revisions. Once the peer review of the proposed plan has been completed, Kokomo Center Schools (KCS) works with the school to make any necessary revisions and approves the plan as soon as it satisfactorily meets the requirements detailed in the statute and regulations. The school drafts the plan, KCS reviews the plan, suggests revisions if needed, and approves the plan, as expeditiously as possible since it provides the blueprint for changes designed to dramatically improve the academic achievement of all students.

W. Timely Additional Assistance: Students Below Grade Level Reading Standards

Title I teachers will provide 30 additional minutes of instruction in reading for students not mastering grade level standards 3 days a week.
**Professional Development**

**Alignment with the School Improvement Plan**: The Professional Development Plan is directly aligned with strategies found in the School Improvement Plan. Professional development activities enhance educator’s knowledge within one or more of the following areas: a) expectations, b) curriculum content, c) classroom instruction, d) classroom assessment, e) extra help, f) guidance, and g) the learning environment. The amount of funding allocated for each professional development activity and the funding source is listed for each professional development activity.

**Effective Learning Process**: The Professional Development Plan was written by teacher-leaders and includes activities that will help teachers develop the knowledge and skills needed to successfully implement the strategies listed in the School Improvement Plan. The plan includes a variety of formats for professional development. Activities have been embedded in the school day as appropriate. The plan also includes activities designed to provide teachers with feedback over time. Finally, "strategy data" is collected for comprehensive strategies that identifies the degree to which the strategy has brought about a positive changes in adult practices.

**Professional Growth Environment**: Each strategy is supported by a "strategy chair." Strategy chairs are responsible for 1) writing (with support from colleagues) a strategy plan including on-going professional development activities, anti-resistance, and evaluation activities, 2) providing on-going mentoring their colleagues in the implementation of the strategy, 3) analyzing the effectiveness of the strategy, and 4) making a recommendation to the faculty with respect to whether or not the strategy should be sustained.

Relationship Report -- Areas of Concern / Strategies / Data Targets

Former Areas of Concern Summary
This report shows the relationship between the Areas of Concern, Strategies, and Data Targets. This report shows the following for each area of concern: 1) the achievement area(s) that are being negatively impacted by the concern and 2) the strategies we will implement to eliminate the concern. Basically, when we implement the strategies, the areas of concern should disappear. Once the areas of concern are gone, achievement should increase.

Local Areas of Concern

Concern: Student Behavior

Data Targets Influenced by This Concern:
- All students -- Pass ISTEP - English Language Arts (AYP)
- All students -- Pass ISTEP Math (AYP)
- First grade -- OS showing level 16 or higher (Spring Assessment)
- Grade 2 students -- DRA showing level 28 or higher (Spring Assessment)
- Kindergarten -- DRA showing Level 3 or higher (Spring Assessment)

Strategies to Impact This Concern:
- Leveled Discipline System
- P. Teacher Mentoring Program

Concern: K-12 Assessment Alignment

Data Targets Influenced by This Concern:
- All students -- Pass ISTEP - English Language Arts (AYP)
- All students -- Pass ISTEP Math (AYP)
- First grade -- OS showing level 16 or higher (Spring Assessment)
- Grade 2 students -- DRA showing level 28 or higher (Spring Assessment)
- Kindergarten -- DRA showing Level 3 or higher (Spring Assessment)

Strategies to Impact This Concern:
- PK-12 Assessment Alignment

Required Areas of Concern

A. Parent Involvement (Title I, NCLB)

Data Targets Influenced by This Concern:
- All students -- Pass ISTEP - English Language Arts (AYP)
- All students -- Pass ISTEP Math (AYP)
- First grade -- OS showing level 16 or higher (Spring Assessment)
- Grade 2 students -- DRA showing level 28 or higher (Spring Assessment)
